JOHN WEBSTER KILLED TEX BAKER Coroner's Jury Finds Roper and Jackson His Accessories.

The rest of the evidence in the inques over the remains of Texas Baker was heard vesterday morning, but few new facts were brought to light. At the close of the session the jury retired, and in a few minutes brought in a verdict, finding that Baker came to his death by blows inflicted by John Webster, with George Roper and Frank Jackson as accessories, and directed that all three be held on the charge of manslaughter. Nothing was said as to Dick Webster's guilt or Innocence, but he is still held as a vitness and probably will be for some time

In police court this morning John Webster asked to be allowed to waive examination and the boon was granted him. Judge Me-Gee declined to fix any bond for either of the four accused. Webster was taken to the county jail for safe keeping.

Rumors of Crookedness in the County Provoke Trouble.

SIOUX CITY, Nov. 7 .- (Special.)-News has been received of a small-sized riot yesterday at Dakota City, Neb., across the river from here, as a result of alleged interference with the count of votes by Sheriff Kelley, democratic candidate for re-election in Dakota county. Kelley, it is said, asserted that he was not certain of a fair count and stationed a deputy inside the rail with the judges to oversee their work. When the judges objected Kelley and his friends hurried to the man's assistance. The judges immediately swore in fourteen deputies of their own, and after a lively skirmish succeeded n clearing the place.

Western Man and Not at Home in His

Washington Surroundings.

Washington, Nev. 7: (Special.)—Paymaster General Stanton wanth to get back to the "bush" again. After his first interview with Secretary of Was Lamont, which was purely formal, be was presented to the president, who wanted to see his "fighting meet its requirements during the past year with supplies of unusual excellence at sur-Washington Surroundings. paymaster," as he expressed it. Now that with supplies of unusual excellence at sur-The Sioux City Paper company of this the formal part of his induction into office prisingly low figures. place filed chattel mortgages today covering is over General Stanton says he wouldn't its entire stock. Members of the company mind if his retirement were nearer than it is, say all creditors will be paid in full.

The general will retire in February of 1899. The general will retire in February of 1899,

Colonel Stanton does not look for the removal of Fort Washakle, as the papers have announced. It is the nearest fort to several tribes of Indians whose past is not particuarly punctured with peaceful purse 'Quarters would have to be provided for men, and at present none are available," he says. "Rawlins, on the Union Pacific, is the nearest railroad point to Washakte, and the road of 125 miles to the fort I have been ver in all kinds of weather. Even though mote, it is in a section of country where it greatly needed, and until new conditions are brought about, I think the fort will not

As to the policy of the government to con entrate the army at certain points near diverging lines of railroad, and therefore available at a moment's notice almost, there seems to be a divided opinion, the greater number of the line officers, however, joining heartily in the scheme of mobilization during days of peace. This being the case, it is thought there will be no great obstacle in the way of securing at this season an addithe way of securing at this season an addi-tional appropriation for the completion of Fort Crook, and the massing there of addi-tional forces, which was ex-Senator Mander-son's original idea. Now that Schoffeld is on the retired list, a new brigade promo-tion may be urged, as at the last session, but which met with a frigid reception from the head of the army.

ANNIHILATION OF THE SEALS. The Extermination of the Alaskan Sent Herd Not Far Distant.

WASHINGTON, Nov. 7 .- Captain C. L. Hooper of the revenue cutter Rush, who ommanded the Bering sea fleet last season, s more than ever convinced of the ultimate lestruction of the sea herd if pelagic sealing in Bering sea is continued. There have been no regulations framed, he says, that will preserve the herd if such sealing be permitted in the future. The most important of Captain Hooper's recommendations to the freasury department, therefore, will in all probability be that all sealing in Bering sea be prohibited for a time at least, except that carried on at the islands by the company having a contract with the government. In 1869, when Captain Hooper first Treasury de probability visited Bering ses, he says he believes there were 6,000,000 or 7,000,000 scals, but now the number is probably less than 500,000. The egulations promulgated.

ribunal of arbitration do not, in the distribution of Captain Hooper, meet the requirements of the case for the preservation of shall life. One of these regulations prohibits scaling within sixty miles of the seal talanda. The fact is explained by Captain Hooper that the great number of female seals go out into the sea to a distance far exceeding sixty miles, where they are killed to the sealers. At least two-thirds of the miles by the pelagic scalers of the road. The injunction was television of the road. The injunction was television of the road. The injunction was television of the road. egulations promulgated under the Paris ribunal of arbitration do not, in the es-imation of Captain Hooper, meet the reexceeding sixty miles, where they are killed by the scalers. At least two-thirds of the 35,000 killed this year by the pelagic scalers were females, and the records substantiate the statement. The regulation issued under the arbitration tribural prehibiting the shooting of scale in Bering ria and permitting the spearing of them outside the prohibited zone was beneficial in that nearly every scal that was speared, was caught, whereas by shooting them they sink and are often lost. The regulations requiring the scaling vessels to record each day the number and sex of scale captured has demonstrated, Captain Hooper says, the accuracy of the contention Jority of seals killed by the pelagic sealers are females. There were between fifty and sixty vessels in the scaling fleet this year, most of them British, and the patrol fleet made over 300 boardings to ascertain if the masters were obeying the law. Very little lilicit sealing was reported by Captain Hooper as having occurred during the season, and there were between fifty and some American Railway union men claim to be gaining ground. There may be trouble about to break out at other points, but nothing is known of it here, and a large number of men have come here from the east in charge of detectives to fill the places of the men who may go out. The officials of made over 300 boardings to ascertain it the ber of men have come here from the east boundary question.

Mr. Carpenter has been in Alaska for two rears and is familiar with the boundary question in all its details. He stigmatizes the streem to the pelagic sealing, about 36,000 skins, in in all its details. He stigmatizes the streem to the canadian surveying party to the streem to streem to assert in it the ber of men save come here from the east the streem to the canadian it the ber of men save come here from the east the streem to the canadian it the ber of men save come here from the east the streem to the canadian to the men who may go out. The American vessels are manned by white men, who are not expert with the spear. PROTECTION FOR LAKE CITIES.

Navy Department Asks an Appropria-

tion for that Purpose. WASHINGTON, Nov. 7.—In view of the president's decision in the case of the Detroit Dry Dock company, that under existing reaties naval vessels cannot be built on the great lakes, the Navy department will now press upon congress the importance of allowing its estimate of \$500,000 for the accumu-lation of a supply of rapid fire rifles for the auxiliary navy. One of the most forcible arguments that will be presented is the fact that Great Britain already has a number of small war vessels which can be quickly taken through the canals in the great lakes, and, in time of war, ravage our great cities, which are now defenseless. With a proper supply of gans on hand, however, it is argued that a large number of the magnificent American lake steamers could be rapidly armed in an emergency and could easily overpower the British gunboats, which are not armored vessels. As it would take several years to make these guns, the de-partment will ask that the appropriation deired be made immediately, in order that the

work of construction may begin. Located the Trouble with the Texas. WASHINGTON, Nov. 7 .- The examination of the battleship Texas, in dry dock at New York, has exactly verified the theory of Engineer-in-Chief Melville as to the cause of her failure to attain her estimated horse power. owing to hot condensers. The mouth of the olige grating, through which sea water is pumped to cool the condensers, was found to be choked with seawerd, with a gummy residuum. The grating is fifteen by thirtyone inches, and it was stopped, save a hole about eight inches square in the center, thus diminishing the water supply to one-sixth of the normal. It is believed, now the obstruction has been removed, that the engines will easily make their horse power.

Economy in Buying Navat Supplies. WASHINGTON, Now 7 .-- In his annual report to the secretary of the navy Paymaster General Edwin Stuart recommends an increase of the navy supply fund from \$200,000 to \$500,000 in the interest of economy, the

Mexicans Deny the Story

WASHINGTON, Nov. 7 .- Senor Romero the Mexican minister here, formally denies "too long distant by a big majority," says the paymaster. Hie strongest competitor for the position, Colonel Tirrell, will retire in January. At the time Colonel Tirrell was here seeking the position of paymaster genother than the colonel strongest of the international railway, and here seeking the position of paymaster genother than the colonel strongest of the international railway, and here seeking the position of paymaster genother than the colonel strongest of the seeking the position of paymaster genother than the colonel strongest of the seeking the position of paymaster genother than the colonel strongest of the seeking the paymaster genother than the colonel strongest of the seeking the paymaster genother than the colonel strongest of the seeking the colonel strongest of the seeking the seeking the paymaster genother than the colonel strongest of the seeking th other Americans arrested by the Mexican authorities were taken to Monterey in 1889 and afterward compelled to work in certain alleged coal mines ten miles distant from that city. The minister had the matter carefully ovestigated by the Mexican government, and cclares there is not a shadow of foundation or the story. To support his statement, the ninister has been furnished with affidavits from the officers of the railway company, United States consular officers, police officials and other persons, denying that there had been any such arrests or that there are any

Death of Admiral Shufeldt.

WASHINGTON, Nov. 7 .- Rear Admiral Robert W. Shufeldt, retired, died at his residence in this city at 10:30 this morning after a long illness following an attack of grip and an accident while driving about a year ago. He was appointed a midshipman from New York, May 1839, became rear ad-miral in May, 1883, and retired in 1884. He had a most notable record, having opened Cores to the world by treaty, surveyed the Tehuantepec canal route and played an important part in the civil war.

Advancing the Stanford Case. WASHINGTON, Nov. 7,-Solicitor General Conrad will, on Monday next, move to advance the case of the United States against the Stanford estate on the United States supreme court docket. The motion will be based on the general importance of the case to the government and to the Stanford university. It is understood that the motion will be granted and the argument will be set for some day in January next,

Bound for the Atlanta Exposition. WASHINTON, Nov. 7 .- Governor Watson and staff of Delaware and others, including ladies, making a party of about thirty, passed through here last night enroute to the Atlanta exposition. The party will join in the celebration of Delaware day on November 9, and will return next week.

Marriage of a Diplomat. WASHINGTON, Nov. 7 .- Cards are out for the marriage of Ellis Mills, United States consul general and secretary of legation at Honolulu, to Cora Ritchie, daughter of Benjamin Branklin Nalle, at the residence of the latter, Believue, Rapidan, Va., next Saturday. BACKBONE OF THE STRIKE BROKEN

Men Brought in to Take the Places of Those Who Quit. MINNEAPOLIS, Nov. 7 .- A Devil's Lake N. D., dispatch says: The backbone of the Great Northern strike was broken this morning by the arrival of a train with seventy special policemen, eighteen new conductors, twenty-five brakemen and three fire-

out joined with these new men and all

Snow Commences to Fall. BLACK RIVER FALLS, Wis., Nov. 7 .- A snow storm has been raging the entire morning and about four inches has fallen, being the first snow storm of the season. The for-est fires are completely quenched. The snow is a godsend for this country.

ST. PAUL, Nov. 7.—Specials from South
Dakota, northern lowa, southern Minnsota
and western Wisconsin report the first real
snow of the season, in some places over a

foot being reported. Just a Little Bank Failure. NEW ORLEANS, Nov. 7 .- On application f the bank officials, Judge Rightor yesterday ppointed a receiver for the Bank of North America, and its doors were closed. The bank was not a member of the clearing house association. It is understood that the deposits were less than \$20,000.

Nonpartisan W. C. T. U. Elects Officers OBERLIN, O., Nov. 7.—The national convention of the Nonpartisan Women's Chris tian Temperance union today elected th following officers: Mrs. Cornelia Alford of following officers: Mrs. Cornella Alford of Mississippi, president; Mrs. T. B. Walker of Minnesota, vice president, and Mrs. E. J. Phinney of Ohio, general secretary. Mrs. Springer of lowa and Mrs. Earle of Illinois were selected as national organizers. Department secretaries were chosen as follows: Educational, Mrs. Mary Andrews, Pennsylvania; Sunday school, Mrs. H. S. Ellis, Peonsylvania; Sunday school, Mrs. H. S. Ellis, Peonsylvania; legislation, Mrs. Lydia Tilton, Washington; industrial training, Mrs. E. A. D. Burrington, Maine; army, navy and marine corps, Miss Rachel Levy, Washington; young women's work, Mrs. C. F. Billinger, Jowa; rescue work, Mrs. Agnes C. Administrator for Pitzel. ST. LOUIS, Nov. 7.—A special to the R-public from Fort Worth, Tex., says: W. Moreland filed application for letters of a

Moreland filed application for letters of a ministration on the estate of Burton 'Lyman, or B. F. Pitzel, as was his rename, for the benefit of creditors. This the man for whose murder Holmes has beconvicted in Philadelphia, Recently Attoney Hudson filed application for letters administration on the estate of Minnic Williams, deceased. She was the owner of the property that was deeded to Lyman by a leged fraudulent deeds, and one of the many persons Holmes is accused of mudering.

FREE MEDICINES.

The Trentment Provided for Chronic Sufferers Commended to the Community in Very Strong Terms-The Nominal Fee for Expert Service
All Medicines Included.

Any person in Omaha who may be affilted with asthma, bronchitis or chronic throat disease, and who is now prompted by the first warning chill of winter to seek good medical care can apply to Drs. Copeland and Shepard today, tomorrow or whenever it suits his convenience, and receive what is now regarded as the best and most successful treatment known and practiced for these particular maladies. Under the splendid provision made by these physicians the total cost of the treatment will be limited to a rate of \$5\$ monthly, all medicines, remedial inhalants, etc., being provided or administered without any charge whatever.

INVALID WOMEN.

k Women Who Want to Get Strong Should Read This.

Strong Should Read This.

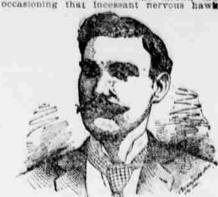

Mrs. J. F. Moody, Friend, Neb., a highly respected elderly lady in her community. Writes.

"I suffered from general ill health for years without finding out what really did all me. I was feeble, unable to sleep and couldn't eat well nor relish my food. My kidneys were sore and diseased and their imperfect action filled my blood with poisons. In short, I was an invalid woman through and through. After treating with different doctors for two years with only little spells of relief. I took a course of Home Treatment with Drs. Copeland and Shepard. They straightened me out in a way that gave me spiendid health and I am permanently cured. I finished with these physicians two years ago and Lhave been all right ever since. I will not let an opportunity pass when I can speak a good, word for Drs. Copeland and Shepard."

Women in poor health should send for the Special Symptom Blank for Women. The Home Treatment in this class of cases is benefiting and curing hundreds who have been sufferers for years.

BREAKING DOWN.

Result of Chronic Catarrh Existing Since Childhood. Mr. W. H. Jones of 1612 Pacific street is a switchman for the B & M. railroad. He-ing an old employe of the road this state-ment will be read with interest by hun-dreds of railroad men who know him well. Mr. Jones says: "You see, I have been troubled with ca-tarrh as long as I can remember—for fifteen

g and spitting that makes the burden of imptoms told by victims and which almost are the life out of me.

symptoms told by victims and which almost wore the life out of me.

"Then somehow or other the poisons seemed to work their way into the stomach and tubes in the liver, bringing on billious spells. At these times I would have horrible nausea and headaches, with vomiting of a sour and bitter discharge. For years I had these regular old-fashiened sick headaches, with suffering and agony altogether too horrible to be put in words.

"My opinion is that when I first went to Drs. Copeland and Shepard my whole system was giving way under the poisons of catarrh. But under their treatment I began to pick up right away, and I kept on improving until I got rid of the whole trouble. I can't remember when I have had so good health as I now enjoy, and for these radical and genuine results I give all the credit to Drs. Copeland and Shepard."
